

# ABC Online Store

NAME: DHRUV PATEL

# Describing the ABC Online Store

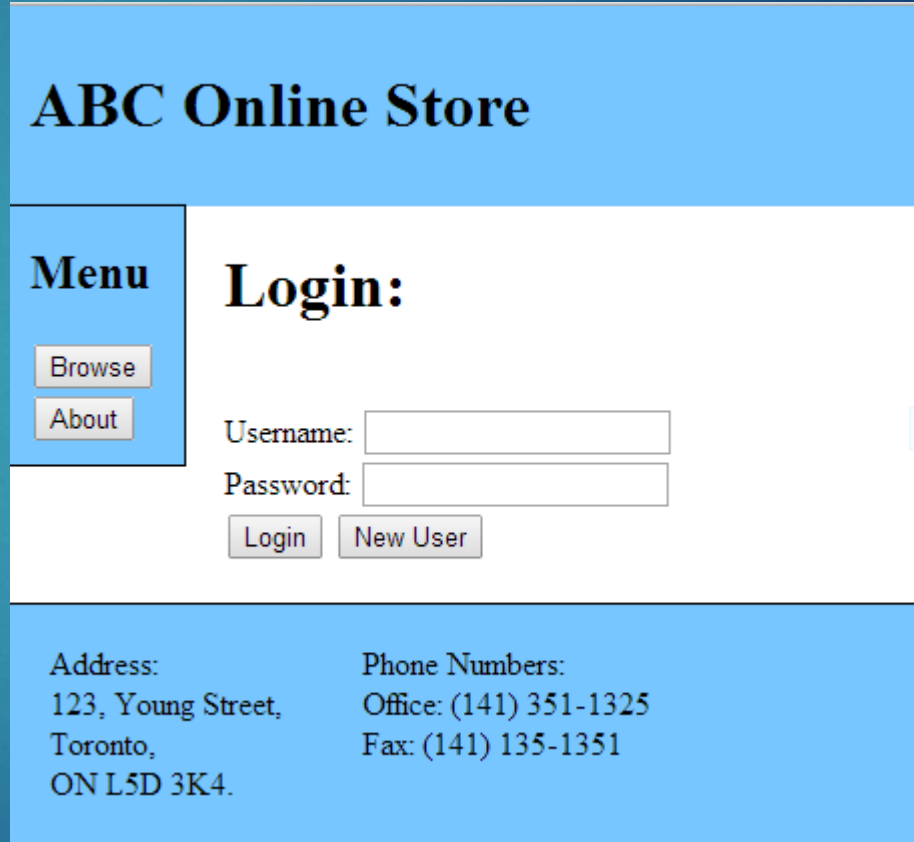

- ▶ The online store currently lets you buy DVDs for different movies and TV shows.
- ▶ The back end is designed in a way so that new items like Laptops, Phones etc can also be sold if the company decides to do so in the future.
- ▶ The store allows new members to register and place orders on the site.
- ▶ Users are required to login to add items to their cart and place orders.

# Two parts of this project

- ▶ 1. The Web App:
  - ▶ Allows the uses to login, place orders, register, browse the catalog etc.
- ▶ 2. The Windows App:
  - ▶ Lets the business owners add new items and browse through or delete previous orders that were placed by the Web App uses.

# The login page – Web App

- ▶ A Simple login page that allows the current users to login and start a new session.
- ▶ Gives an option for the new users to register to the site so that they can add items to their carts and place orders

# Checkout – Web App

- ▶ Gives an overview of all the items that the user has added to his/her cart.
- ▶ Allows them to remove all the items from the existing cart.
- ▶ User can decide to place the order by pressing the Checkout button.
- ▶ Uses operator overloading to calculate the total price.

Hi, dhruv

	<b>Sherlock Season 3</b> Price: \$15 Available Quantity: 63
	<b>The Dark Knight Rises</b> Price: \$33 Available Quantity: 64

**Total:\$48**

# Confirmation – Web App

- ▶ The user is redirected to a confirmation page that will show them their shipping address and also a notification is sent to the users email address.

Hi, dhruv

---

Your order was placed successfully.

**Order Details:**

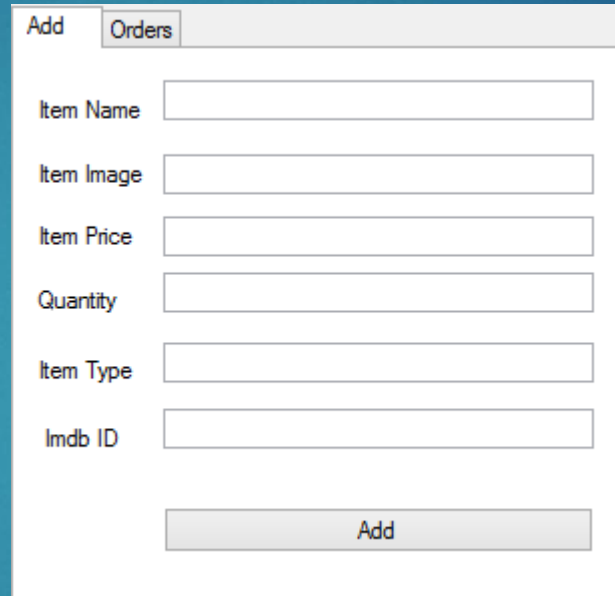

Your order will be shipped to: 123, steels, brampton, ON l3y2n3

A confirmation email has been sent to your email address  
(dhruv@sheridan.com).

# Add Item – Windows App

- ▶ Lets the business owners to add a new item to their catalog.

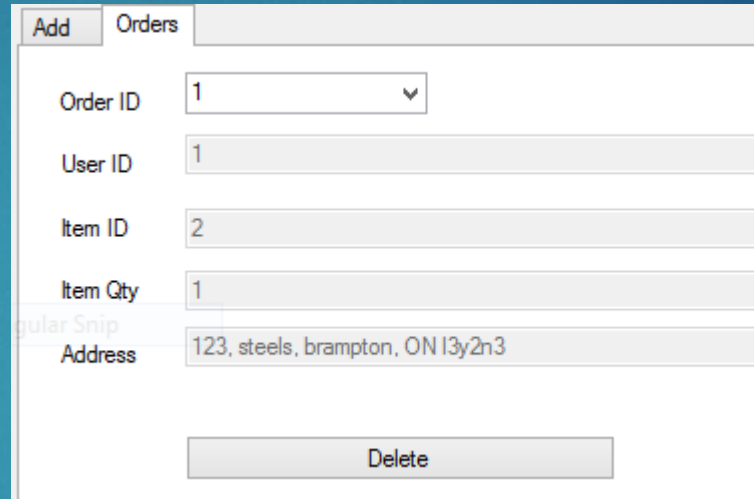

The screenshot shows a Windows application window titled 'Add Item'. It features a tabbed interface with two tabs: 'Add' (which is selected) and 'Orders'. Below the tabs, there are six input fields arranged vertically, each with a label to its left: 'Item Name', 'Item Image', 'Item Price', 'Quantity', 'Item Type', and 'Imdb ID'. At the bottom of the form is a single 'Add' button.

Field Label	Input Type
Item Name	Text
Item Image	Text
Item Price	Text
Quantity	Text
Item Type	Text
Imdb ID	Text

Buttons: Add

# Orders – Windows App

- ▶ The business owners can delete shipped orders using the Orders tab of the windows app

The screenshot shows a window titled 'Add Orders'. It contains several input fields: 'Order ID' (a dropdown menu with '1' selected), 'User ID' (text input with '1'), 'Item ID' (text input with '2'), 'Item Qty' (text input with '1'), and 'Address' (text input with '123, steels, brampton, ON l3y2n3'). A 'Delete' button is located at the bottom of the form.

Field	Value
Order ID	1
User ID	1
Item ID	2
Item Qty	1
Address	123, steels, brampton, ON l3y2n3
